Changing the Church in a Changing World

1. What was interesting or confusing about the sermon today?
2. Have you visited different churches in different cultures? What was something unique or interesting in their service that you liked?
3. Is our modern world addicted to movement and change? Should the church be a counter to this? Why or why not?
4. Prophets spoke from God to the world telling the world that it was wrong and needed to change. How can we tell the Spirit leading into truth from the church compromising with the idols of the world?
5. Amidst all the changes, what can we rest on as a firm foundation?
6. Is truth frozen at a particular point? If so, when? When God created? When Jesus came?
7. What do you hold on to amidst a changing world? Do you think that will ever change? Should it?
8. The bible uses the metaphor of us, and the church, growing or being built. Growth means something is changing. What?
9. What is one positive change you hope to see in the church, yourself, or in the world?
10. Share any prayer requests & pray together to close discussion.
